NSTS YOUNG LEARNER LIFESTYLE SERVICES

ENGLISH

At NSTS students become better English speakers. They bring their own preferred topics into the classroom. Lessons are animated, interactive, fun and an unforgettable experience, using the student's own digital device for conversation, filming and photographing moments of unique emotion. The teacher guides the class professionally to ensure that the four language skills of speaking, listening, reading and writing are well practiced and that pronunciation, grammar and vocabulary are always correct.

ACTIVITIES & TRANSFERS

The rich striking after-class activities create additional opportunities to speaking English for diverse purposes. They also provide the student with the best of the destination - half-day outings to explore Malta's identity in the awesome cities, towns and villages of earlier generations: Valletta, the Three Cities, Mdina, Rabat, Mosta, Marsaxlokk, the villages of the south and their multitude of attractions. These outings may be easily extended to a full-day.

Moreover activities take the student to beaches, parks and the countryside, to places of entertainment, fun and science exploration, to sites of pageantry, culture and customs, to sports, boat cruises, treasure hunts, trekking, swimming, snorkelling, paddle boat rides and more - all under the watchful eyes of NSTS Animateurs.

Evenings bring an excess of international, foam, beach, and in-house animation parties, games, video-nights, talent shows, tournaments, summer beach or poolside barbeques, night cruises and swimming, open-air concerts, street performances, festival events and all that which makes Malta swing at night.

Arrival and departure transfers are included for juniors, when not accompanied by a parent, subject to receipt of flight numbers 7 days in advance.

NSTS YOUNG LEARNER LIFESTYLE PROGRAMMES

PARENT AND YOUNG CHILD (PC) (FROM AGE 3)

A very young child takes to a language much more easily than when advanced in age - our Parent and Young Child/Family and Young Children package speaks to that.

Exploit NSTS' dual English learning opportunity for you and your child/children. A child-loving teacher will use children's books, games and fun to encourage your child aged 5 years or over to speak English during dedicated individual, small group classes, or at playschool.

As parent/s may concurrently follow an adult course, and enjoy peace of mind while the child is attentively cared for in class. The programme package benefit is also available for 2 adults and 2 children.

The child will be under the parent/s' care for the rest of the day.

SCHOOL GROUPS (SG) 11-19 YEARS

Teachers may choose from a course of 12, 16, or 20 English lessons exclusive to the group, be they high, secondary, post-secondary, vocational or trade schools, together with a number of half or full day and evening activities, or from an immersion programme of cultural, social and sports events.

Vocational or trade schools opt for 'English and my First Job': made up of 20 lessons that prepare students in English for their First Job followed by 20 hours of a vocational hands-on job in retail, customer relations or similar and 1 full-day and 2 evening activities.

The accommodation comes with basic core services of airport return transfers, welcome meeting and orientation walk, farewell party and support assistance from NSTS.

The teacher may select additional optional activities.
