## Welcome to Malta,

Welcome to the heart and soul of the Mediterranean, MALTA. NSTS is here to guide you through this unique experience. We are here to ensure that you strike the right balance between your educational needs and enjoying the culturally rich, vibrant atmosphere this archipelago proposes.

With a population of around 425,000 people, Malta can be seen as one big family. Friendly people and picturesque scenery are but a few examples of what you will be able to enjoy during your visit. Let us tempt you with a few more facts about this precious island:

**300 Days of Sunshine** – Malta may be the smallest nation within the European Union. The small size of the Island provides you with the opportunity to have a two-in-one experience – education and soaking up the sun.

**We speak English** – You will find that in Malta everyone speaks English, starting from the more obvious people like teachers and hosts, to the man in the corner shop and even the bus drivers! English being Malta's official language together with Maltese, makes Malta an excellent choice.

**7 Millenia of History** – Malta is described as an open air museum sharing with its guests 7000 years of history and 8 UNESCO heritage sites. Interactive attractions allow you to travel back to the past and relive exciting moments, which have shaped the Mediterranean lifestyle as we know it.

**Smart Island** – Malta may be a standalone island, but the extensive number of Wi-fi spots and internet cafes will keep you connected to your friends and loved ones back home. You can almost say that they can be virtually with you - that is if you want them to be!

**The Meeting Place** – With special settings including heritage sites, village squares, luxury yachts and exclusive sea-front facilities, Malta has played host to everyone from St. Paul to present presidents and celebrities and from EU conferences to global product launches.
